

* Nesting of loops :-

```
#include <stdio.h>
int main() {
    int i=0, j=0;
    → for(i=1; i<=3; i++){
        [ for(j=1; j<=2; j++){
            printf("OK");
        }
    }
}
```

```
    return 0;
}
```

$i=0$ $j=0$

$i=1$

$j=1$

OK

$j=2$

OK

$i=3$ // condition is false

$i=2$

$j=1$

OK

$j=2$

OK

$i=3$ // condition is false

$i=3$

$j=1$

OK

$j=2$

OK

$j=3$ // condition is false

$i=4$ // condition is false
